E20 PLANTATION SHUTTERS

PREMIUM

Custom made and available in styles to suit any window in Australian homes.

When it comes to window coverings, E20 Plantation Shutters are the link between premium and practical. They preserve a sleek lightweight feel while still being heavy enough to help regulate heat, cold and sunlight.

A recyclable product, E20 is made from a high-density polymer that offers superb insulation and is a very low maintenance. The shutters offer exceptional resistance against extreme sunlight and high UV radiation. Built to withstand the rigours of everyday Australian life, the shutters feature aluminium core inside blades and stiles for a strong, rigid construction.

Additional features include hypoallergenic, termite-resistant, fire retardant, non-carcinogenic, moisture and humidity resistance, and UV protectant paint finish. Choose from a range of colours and styles for all shaped sliders, bi-fold doors and windows. Available in 63, 89 and 114mm blade sizes for open views. Maximum span 900mm. E20 shutters come complete with a 20-year warranty for performance you can count on.

TIMBER PLANTATION SHUTTERS

Bring a touch of elegance and warmth to your space.

Lightweight, strong and beautiful, Timber Plantation Shutters have immense visual appeal while providing the ultimate in light control, privacy and insulation.

Made from A-grade renewable timber, their uniform grain means you can achieve a beautiful stain finish that will never go out of fashion. Superior bonding and finishing properties promise excellent insulation in the home, while a strong structure prevents warping.

Choose from an extensive range of beautiful stains and colours to suit your style. Louvre sizes available are 63mm, 89mm and 114mm.

ALUMINIUM SHUTTERS

PREMIUM

Love your outdoors with versatile window furnishings.

Create an enclosed outdoor room or add privacy to your exterior space. Screen off part of a pergola. Add protection to your windows and doors. Control sunlight penetration, privacy and ventilation of your alfresco areas. Whatever your vision, Aluminium Shutters are the perfect exterior solution.

Aluminium Shutters match a sleek, streamlined appearance with incredible strength. They are unaffected by moisture and impervious to insect attacks. At Empire Window Furnishings, we custom-build the shutters to meet your design and budget needs. Aluminium is extruded into shutter blades and frames to fit your exact requirements.

Choose from our standard colour range of White, Black, Cream and Silver. Alternatively, select special powder-coated and woodgrain finishes in 63mm, 89mm and 114mm blades.

ROLLER SHUTTERS

Security, privacy and insulation rolled into one.

Installed on the exterior of your home, Roller Shutters help protect your windows while keeping the inside at a comfortable temperature all year round. Roller Shutters have thermal insulation properties that reduce the effects of summer heat as well as retaining warmth during the colder winter months, helping you reduce energy bills.

The insulating properties of Roller Shutters can also help to reduce window noise transmission by up to 50%. Australian-made and bushfire rated, our Roller Shutters offer great value for money. Roller Shutters can be controlled at the touch of button, manually or with the Empire Drive System.

ZEBRA BLINDS

PREMIUM

Discover a timeless combination of utility and style.

Perfect for every room in the house, Zebra Blinds provide the optimum amount of sunlight while maintaining complete privacy for your home.

The blinds are designed using a horizontal striped fabric with alternating translucent or block out and sheer stripes. Two layers of fabric move independently to create overlapping combinations of translucent and sheer, or block out and sheer. Effortlessly maintained, durable and stylish, Zebra Blinds can be designed to suit your lifestyle. Choose light filtering and blockout fabrics depending on the desired privacy of your interior.

Made in Australia, our Zebra Blinds are available with manual and motorised options (including battery operated motors and remote control).

ILLUSION BLINDS

PREMIUM

Set the tone with sheer splendour.

With a variety of light and privacy control options, Illusion Blinds give you complete control over your inside environment. The blinds are crafted from lightweight fabric louvres that are suspended between two sheer fabric layers. Closing the blinds not only softens the sun's glare and increases privacy, it creates a wonderful warm glow and sophisticated look for any living space.

Choose from an extensive range of fabrics and colours guaranteed to set the tone for your interior. Available with operated motors or remote control.

VERI SHADES

PREMIUM

Innovate your space.

Introducing Veri Shades, innovative window coverings which combine the versatility of vertical blinds with the elegance and privacy of curtains.

Veri Shades are made from a wonderfully soft fabric which hangs beautifully with alternating opaque folds. With no weights or chains, you can walk through them anywhere whether they're opened or closed – they just sway out of the way and settle back silently. With the turn of a wand, you can easily adjust your Veri Shades to control light levels depending on the position of the sun, or how much privacy your desire.

Using a single track, Veri Shades only take up half the space to achieve the same results as curtains and blinds. They are perfect for creating a soft feature across a large door with shades spanning up to six metres.

Veri Shades are elegant, versatile and low-maintenance. They are made from easy care fabric that is highly resistant to fading and soiling. The 100% polyester fabric has an ultra violet protection factor of 50+ to protect your home. Fire retardant options are also available.

COMPLETION TIME

Within 4-6 weeks*

ECO VENETIAN BLINDS

Get the designer look without compromising functionality.

The ultimate in sophistication, Eco Venetian Blinds give the desirable look of plantation shutters for a lot less. Easy to clean and maintain, Eco Venetian Blinds are an ideal solution for any space. They provide the strength and durability of PVC-based extruded material, which provides the added advantages of being UV stabilised and suitable for all wet areas.

Not only do Venetian Blinds give you control over your privacy, they also give incredible control over how much light enters your home. Simply angle the blades anywhere from fully open to fully closed, or draw the blinds completely up to let light stream into the room. Choose from the warmth of Timber Venetians or the contemporary cool of Aluminium Venetians. Slat dimensions include 25mm, 50mm and 63mm.

Timber Venetian

Bring a sense of eco-chic to your home with this stunning timber finish. Hardwood timber is extremely durable and stable, meaning Timber Venetians are more resistant to warps and dents. Dense grains provide an excellent smooth surface for staining or painting to get your desired look and feel.

Aluminium Venetian

Add a contemporary twist to your interior with Aluminium Venetians. Light, durable and stable, they provide a timeless style that is both affordable and easy-maintenance. Browse a wide variety of colours to find the perfect hue for your interior space.

CELLULAR BLINDS

PREMIUM

Inspire your space with modern appeal and smart functionality.

Cellular Blinds feature an elegant honeycomb shaped blind with a difference: they are exceptionally energy efficient. The fabric's innovative honeycomb cells trap air, providing excellent insulation that keeps your home warm in winter and cool in summer. You can save on heating or cooling costs while enjoying a fabulous looking interior.

Discover a world of possibilities with Cellular Blinds. Choose from a range of operating systems, including corded, cordless, day and night, side guided and SmartFit for skylights. Pick your colour in the fabric you love, whether sheer, light filtering, semi opaque or designer.

Select from a range of single or double cell sizes and shapes. Specialty shapes and vertical options are also available to give you the optimal light and privacy you desire, right up to 99% block-out.

VERTICAL BLINDS

Unlock the potential of timeless Australian style.

Made in Australia, our Vertical Blinds marry exceptional durability, precise operation, and elegance. Ideal for patio doors, sliding doors and large windows, you can completely control the amount of light that enters your home, and your level of privacy. Simply use the wand to rotate the slats up to 180 degrees.

Choose from our extensive range of fabrics and colours, which include timeless and stunning designs. Available with or without chains connected at the bottom in 89mm and 127mm slat sizes.

ROLLER BLINDS

PREMIUM

Privacy and light, exactly how you want them.

Roller Blinds give you full privacy with reduced light, glare and heat. Our Roller Blinds are made in Australia from fabrics designed to withstand the harsh Australian sun and UV light, so they stay looking their best for years. Variety and durability are hallmarks of our Roller Blind range. Suitable for any room, they come in an array of sheer, translucent and blackout fabrics with both plain and textured finishes. Your design comes complete with a smooth and reliable operating system.

Blockout Roller Blinds - provide absolute protection from outside light and visibility, making them perfect for bedrooms and living areas.

Light Filtering Roller Blinds - will filter the sun, but not your view. You can see outside whilst preventing people from looking in during daylight hours.

Double Roller Blinds - combine the benefits of Blockout Roller Blinds and a Light Filtering Roller Blind on one window. Enjoy the flexibility to choose between complete privacy or allowing natural ambient light to filter in.

Motorised Roller Blinds - feature the flexibility and convenience of automation for enhanced internal comfort and control. Motorised Roller Blinds can be either battery operated, hard wired with remote control or automated for your convenience.

ROMAN BLINDS

Make a lasting impression.

If you want to make a style statement, Roman Blinds will inspire your space with their enduring beauty. Made from your choice of fabric, Roman Blinds feature a mechanism that draws them up in sections or large pleats with distinct folds. Alternatively, you can opt for horizontal timber battens for a modern, linear approach.

Roman Blinds are as practical as they are beautiful. They offer excellent insulation with only small side gaps, and are suited to most rooms in the house. They are especially ideal for tall windows, multiple window bays, or windows where you may not want to draw curtains across, but desire a covering at the top of the window. Select from our fabric collection of sheer, translucent and blackout fabrics in both plain and textured finish.

Classic - sewn pockets to the rear of the blind.

Plantation - timber 1/2 round batten to the front & rectangular timber batten to the rear of the blind.

Sewless - aluminium batten to the rear of the blind.

Motorised - combine the flexibility & convenience of automation for enhanced internal comfort and control.

PANEL BLINDS

Realise the full beauty of your space.

Panel Blinds enhance your space with stylish appeal and versatility. They feature broad panels that effortlessly reflect and filter daylight, while giving a contemporary appearance whether on windows, doors or as a sleek room divider.

Light and easy to use, Panel Blinds are operated by a wand and slide across tracks in the same way as vertical blinds. Panels stack neatly behind one another, allowing maximum light into the room. Or when drawn, these sliding blinds create a complete fabric screen for light control and increased privacy.

Crafted for Australian homes, standard blackout and screen materials are available to enhance your home insulation.

CURTAINS

Transform your space with a world of design possibilities.

From timeless elegance and instant cosiness to show-stopping drama and contemporary chic, there's something to suit every style personality. Curtains also boast exceptional insulation properties. They keep in the warmth and keep out the heat. They can enhance acoustics and increase privacy – all while providing a touch of comfort. When it comes to choosing the right curtains for your interior, the sky's the limit. From light and airy to lush and luxe, we offer a huge range of fabrics, prints, colours and textures to help you realise your design vision.

Select from a range of curtain headings and pleats:

Pinch Pleated Heading - the most popular heading. It results in very uniform curtain folds.

Twin Pleating - simple variation of the pinch pleat.

Pocket Heading - almost exclusively used for sheers on a conduit rod.

Gathered Heading - gives a less formal look.

Eyelet - provides a contemporary look and are available in gold, silver, and dark brown.

Inverted Pleat, also known as Inverted "Box" Pleat - used in place of a pinch pleat curtain. They look great as a static sheer.

Roll Pleat - contemporary, new look that creates a slim clean curtain.

Knife pleat - sharply creased narrow pleat, usually one of a series folded in the same direction.

PIVOT ARM AWNINGS

Enjoy the simplicity and complete control of an Australian classic.

Pivot Arm Awnings have been an iconic feature of Australian homes and businesses for decades. The reason is simple – they are proven to protect homes from harsh sunlight. Ideal for windows, doors and patios, Pivot Arm Awnings decrease the direct sun rays while allowing air to circulate. They feature a pivoting arm that extends and retracts in an arc shape.

Pivot Arm Awnings on the slide rail can be locked at various positions; the awning can be fully retracted, extended horizontally (like an overhead canopy), or extended to an almost vertical position. They also boast a spring-loaded design which holds fabric taut, making them fantastic for moderately windy locations and second-floor installations.

COMPLETION TIME
Within 4-6 weeks*

FOLDING ARM AWNINGS

Sun protection from every angle.

Folding Arm Awnings are great protection from the hot Australian sun. Not only are they fantastic for windows and doors, they are practical shade solutions for an entire pool area, car space, outdoor entertaining area or even to extend the roof of your patio.

Folding Arm Awnings are extremely cost effective, versatile and easy to care for. Special brackets allow the awning to be mounted under your existing gutter or under your eaves, so they are in the best possible position. Best of all, they can be easily retracted when not in use, leaving the space free of any structure.

These retractable awnings are available with an amazing variety of options, including crank or motorised operation.

COMPLETION TIME
Within 4-6 weeks*

SUITABILITY
Suitable for pool or car space areas

MAINTENANCE
Versatile and easy to maintain

WARRANTY
3 years warranty

ZIP SCREENS

Live outdoors in every season.

Make the most of your outdoor living area, whatever the season, with Zip Screens. Block the sun to keep cool in the hot summer months, or shield your outdoor space from wind and rain during the cooler months. With Zip Screens, you have complete control.

Zip Screens boast a track-guided blind system, which is effortless to use. Specially designed slotted tracks allow the blind to glide smoothly and easily, stopping at any height you want. You can secure and lock the blind in the down position to guard against high winds and UV exposure – no zippers, ties or buckles required.

Choose from a wide range of fabrics, including sunblock, light filtration or semi-shade fabrics to help keep your view. Zip Screens can be mounted either between posts or on the face of a window roof, and can be operated manually or easily motorised.

SAFETY DOORS AND SCREENS

Step up your security with superior strength doors and screens.

Combining exceptional strength and durability, our Safety Screen Doors and Safety Window Screens ensure maximum security for homes, offices and commercial buildings.

Made in Australia, our products are expertly manufactured from marine-grade mesh and an extra strong aluminium frame, which exceeds Australian standards. Each of the aluminium bars making up the grille in a Hard Core screen boasts a super-hard alloy core, which is much tougher than ordinary steel. This makes the bars extremely difficult to cut, greatly improving security for your property.

We are proud that our range of Safety Screen Doors and Safety Window Screens meet the Australian Safety Door Standards AS5039 and AS5041. They also comply with the Fire Safety Australian Standard – compliant to Level BAL – 40. Mesh is non-flammable and fire resistant, making them suitable for bush-fire prone areas.

WINDOW GRILLES

Maximise your home security with style.

Window Grilles provide extra security for your home, without compromising on style. Made from heavy duty frame and steel mesh, they provide a physical barrier to intruders and deter any unauthorised entry to your property. Finished in contemporary powder coated colours, Window Grilles are a stylish enhancement to your property.

Best of all, they are affordable and easy to install. When coupled with alarms or CCTV systems, Window Grilles provide the peace of mind you need. Browse our extensive range of standard frame colours, or choose your frame and we can provide a powdercoat finish to complement your aesthetic. Available in Ultra Mesh, Paw Proof Mesh and Stainless Steel Mesh in a 9mm or 11mm frame, or with a 7mm Diamond Grille.
